OFFICE OF THE DIRECTOR

JUN 22 1959

Honorable Allen W. Dulles  
Director  
Central Intelligence Agency  
Washington 25, D. C.

Dear Mr. Dulles:

Reference is made to my letter of February 4, 1959, Subject:  
"Incorporation of Fallout Shelter in Future Federal Buildings."

The Bureau of the Budget will request submission of Fiscal Year 1961 budget estimates in September 1959. Accordingly, to allow sufficient time for review and possible subsequent discussions of the fallout shelter proposals, it is requested that you submit to the Office of Civil and Defense Mobilization a listing and brief description of new buildings proposed for construction or design. This list shall be divided into two categories: (1) buildings considered to be unsuitable for the inclusion of fallout shelter, with the reasons therefor in each case; and (2) buildings considered to be suitable for the inclusion of fallout shelter, together with estimates of cost for the construction or design, or both. The additional costs for the incorporation of the shelter features shall be shown separately.

The material should be submitted to this Office by July 13, 1959 and should be based upon items and estimates that will be formally submitted to the Bureau of the Budget.

My staff is available to furnish guidance in connection with this submission. Telephone inquiries may be made to Mr. Norward A. Meador, Shelter and Vulnerability Reduction, Code 113, Extension 2368.

Sincerely,

Leo A. Hoegh
